About Friends of Sorrento

Friends of Sorrento was established in 2005 as an online guide for Sorrento and the Amalfi coast offering information and suggestions to help visitors make the most of their holiday time and budget. In 2007 the pre-booking service for excursions and private tours was added. This service is especially popular with visitors wishing to arrange excursions or airport transfers in advance and making payment when they arrive. We deal directly with the leading Sorrento based tour operators to ensure quality of service and onsite support for clients.

This pre-booking service is now available for accommodation. We provide a free search service to find hotels, apartments or villas that meet the client's requirements in terms of location, facilities, budget and number of days. More information about our services, including group travel and school trips, can be found on www.friendsofsorrento.co.uk or you can telephone us direct on 01446 771220 to start planning your all exclusive holiday.
