Bay of Naples Itinerary

Cathedral Bell Tower in Sorrento

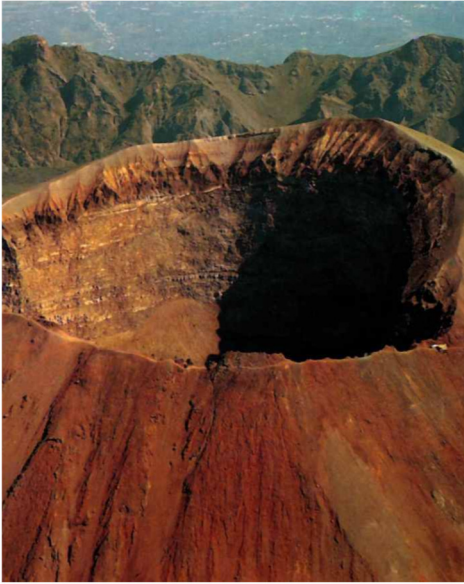

View of Vesuvius from Sorrento

Introduction

In April 2017 students from Upper Wharfedale School will have another opportunity to visit the beautiful Bay of Naples in Italy as part of an educational visit organised by the Department of Human Studies.

The visit is cross curricular and is aimed at students in year 10 studying humanities, religious studies and arts. However, students who would like the opportunity to learn about Italy's history, geography, art and culture are more than welcome to apply for a place.

The visit will provide students with a rich "hands on" learning experience of history, geography, art and architecture which could never be replicated in the classroom. Our students will be able experience life in an ancient Roman town, see the islands of mythical legends, enjoy the regional culture and traditions, travel through diverse and beautiful landscapes including the island of Capri.

Mount Vesuvius

Villa Jovis on the island of Capri

Day One

Private coach from Naples airport to Vesuvius where, under supervision of a specialist guide, students will walk up to a viewing area at the crater's edge. This vantage point will also provide panoramic views across the Bay of Naples towards Capri and Sorrento. In the evening there will be free time to explore Sorrento's historic centre.

Day Two

A ferry across the Bay of Naples takes the students to Capri with guided visits to Villa Jovis, built by emperor Tiberius and completed in AD 27, and the Axel Munthe Museum. The top of the island pupils also provides superb views across the Bay of Naples and Il Galli rocks where the mythological Sirens lived according to legendary story of Odysseus. In the evening there will be free time in Sorrento for souvenir shopping.

Day Three

After breakfast there will be a guided visit to Pompeii to see how people lived in 79 AD at the time Mount Vesuvius erupted and engulfed Pompeii. The coach will then continue on to the airport for the return flight.
